Why should the French have all the fun?

The Tour de Sacramento will be a way for Sacramentans to get in on all the fun that cycling, and their city, has to offer. The event will coincide with the world's greatest cycling event: Tour de France, which runs from July 4th through July 26th. Since we can't all make it out to Europe to participate, we are planning a three week event that will bring all the cycling excitement to our hometown.

What You Get
